DR. ALCORN,

WITH A SHARP STICK Officer Christie Molloway Gets After the

Uncle Tom's Cabin Company.

This forenoon Abbey's Uncle Tom's Cabin troupe, which is playing at Black's o-day, made a parade through the streets of the city. Those who saw the parade will recall to mind the little lady who rode the pony. Miss Kittie Osborne is her name, and she impersonates "Little Eva" in the play. The parade lasted about an hour and a half, and during all that time Miss Osborne rode in the driving rain, and when she reached her hotel her clothing was saturated with water.

urated with water.

Mr. Christie Holloway, of the society for the Prevention of Cruelty to Children, heard of the case and started after the parade in a burgy, intending to take the little lady back to his hotel, but in some way he falled to compact with the presented. lady back to his hotel, but in some way he failed to connect with the procession.

He made enquiries at the Lagonda house, intending to prosecute the manager of the troupe for exposing the child, but he learned that she was over 14 years old—in fact that she was 16—and that, of course, put a stop to any proceedings he might have had in view.

It was a shame, however, for the manager to allow the young lady thus to endanger her health.

The Pasteur Filter Has a Room in Cincinnati.

A SUCCESSFUL TEST.

Dr. A. A. Blount, president of the Western Pasteur Filter company, of this city, has been in Cincinnati since Tuesday last attending the Ohio Medical college, where the faculty of that institution have been testing the Pasteur filter as to whether it Chamois Skin and Medwould prevent typhoid fever germs, and would prevent typhoid fever germs, and other matter held in water in suspension, from passing through it. He reports that the most thorough tests were made and the water came through absolutely pure. Some of the filtered water was placed in propagating tubes from 24 to 72 hours to see whether any germ life would develop, but after that time under a powerful microscope, the water was shown to be absolutely pure. This is one of the best tests ever given to any filter, and the Pasteur is thus shown to be all its manufaturers Which make the best protectors against cold and dampness. I have all sizes, for adults, youth, and children—for chest and back com-bined, or for chest only. Wear them and

thus shown to be all its manufaturers claim for it—namely, practically a health filter, and the only one that will positively cradicate from drinking water all disease germs and other matter, held in water in

A Vegetable Soap.

In the valleys of California grows a tall, slender stemmed hijaceous plant, with purple and white flowers which played an important part in the economy of the Spanish population, and is still more or less used by the country people. It is the well known amole, or soap plant It rises from a subterranean bulb, which is egg shaped in form, two or three inches in diameter, and enveloped in a thick coating of black, matted, hair like fibers. This bulb has the detergent properties of soap, cleaning the hands or clothing quite as well and much more pleasantly than coarser kinds of soap,-

The worst enemy of the California tarantula is a big insect, something like a wasp, only much larger, which attacks tarantula to death in a short time, and then tear the body in pieces and carry it away. - New York Sun.

Degrees of Mourning.

M. Guiboliard has just purchased one of those new square planes made of un-varnished black wood without a single atom of gilding or color about it. "Good heavens!" remarked a friend, what a funeral piece of furniture. "I must explain to you," replied M. uibollard. "We have just lost a distant Guiboliard. relative, and so I thought it would be Figuro.

They'll Be Ready Monday. The prettiest display of holiday good ever seen in this city will be that of C. H. ever seen in this city will be that of C. H. Pierce & Co. SLEDS Girls, Girls, Toboggans. HENRY C. WISEMAN, Fisher Block.

A Parisian "Spell of Weather." I suppose Paris has never had a "spell the next regular Y. M. C. A. meeting, held of weather equal to that of the last few tomorrow afternoon at 3 o'clock at the weeks. Dark, cold, dismal, forbidding, sickly, wet, throat destroying, grippe in-spiring. We are paying, perhaps, for Next Friday evening, December 9th, at the most glorious, warm, bright summer in the annuls of the almanae maker. To Next Friday evening, December 9th, at Lawrence ville, Mr. Jacob M. Kiblinger will lecture on the subject "Christianity Compared With Infidelity." The lecture is free, and all are cordially invited to attend.

Mr. Charles W. Constantine left last in the annuals of the almanac maker. To me it is especially cheerless, coming up as I did from the glorious weather and the cloudless skies of Aix, which is a "beaker full of the warm south." and I immediately took the Paris grippe, my only comfort being that I was in the height of the fachion, every one else

having it as well, or as ill. I think the French language is especially eloquent in phrases which express this complaint. "Phthisic pulmonaire," sounds like a succee; "inflammations aigues" reads very shivery; "catarrhe pulmonaire" expresses that affreuse maladie much better than our simple phrase, and I take great pleasure in reading the statement of my feelings in the etiquette of my "Sirop Lenitif Pectoral."
"Des affections des poumons" are more nteresting than could be the affections of Paul and Virginia. "Les divers phenomenes que presentent ces maladies' sounds much mere dignified than "symp and so the eloquent and dramatic French tongue has been of infinite solace -the more so that an utter "extinction de voix" has prevented me from using my own.—Mrs. John Sherwood in New York World.

Give Them a Chapee!

That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air-passages, but the thousands of little tubes and cavities leading from them.

When these are clouded and choked with

matter which ought not to be there, your lungs cannot half do their work. And what they do, they cannot do well. Call it cold, cough, croup, pneumonia, catarrh, consumption, or any of the family of throat and nose and head and lung obstructions, ail are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boschee's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if every-

thing else has failed you, you may depend upon this for certain. Bee Line Notice. The following letter has been received and is of particular interest to all who in-tend leaving for California next Tuesday, December, 6th:

G. H. Knight. Passenger Agent of the Bee Springfield, 0. DEAR SIE:-I am advised by Mr. Moss, our general agent at Kansas City, that the demand for tourists' cars is very great, but that he has reserved one for the Springfield party leaving via the Bee Line December 6, but it will be impossible to guarantee cars for any other party that day, as the other cars on hand will be in use.

Yours truly H. G. KRAKE, General Agent Santa Fe Line.

CUTLERY | Pocket Knives, Table Knives, Scissors. HENRY C. WISEMAN, Fisher Block.

Its superior excellence proven in millions of homes for more than a quarter of a century. It is used by the United States Government. Endorsed by the heads of the Great Universities as the Strongest, Purest, Most Healthful. Dr. Price's the only Baking Powder that does not contain Ammonia, Lime or Aium. Sold only in Cans.

PRICE BAKING POWDER CO., ST. LOUIS.

READ ADVERTISEMENT.

CLEVELAND'S SUPERIOR BAKING POWDER DOES NOT CONTAIN AMMONIA,

Cleveland's Superior Baking Powder, manufactured by Cleveland Brothers, Albany, N. Y., is absolutely pure and wholesome. It is made only of strictly pure Grape Cream of Tartar, Bicarbonate of Soda, and a small portion of wheat flour, and does not contain

Ammonia, Alum, Lime, or any adulteration whatever. The Cream of Tartar is refined by a new process which frees it entirely from lime and every impurity, and is obtained in the pure crystals and ground in their own factory; the Bicarbonate of Soda is prepared expressly for them; and to ensure uniform and absolute purity of their baking powder all the ingredients are subjected to searching chemical analyses and none used unless proved to be

perfectly pure. In confirmation of the above the able and reliable chemists of the

New York Produce Exchange report as follows: "We are analyzing all the Cream of Tartar used in the manufacture of Cleveland's Superior Baking Powder, and we hereby certify that it is practically chemically pure testing as high as 99.95 per cent. and not less than 99.50 per cent.

"From a hygienic point of view we regard Cleveland's Superior Baking Powder as the ideal baking powder, composed as it is of pure Grape Cream of Tartar and pure Bicarbonate of Soda.

"STILLWELL & GLADDING, "Chemists to the N. Y. Produce Exchange."
